Rubén Santos

Game Programmer

Game developer with extensive professional and academic experience in multidisciplinary teams. Passionate about learning and contributing to innovative projects with my knowledge.

Experience

Unreal Programmer

01/2024 - 12/2024

El Palo Games

1 year

Worked as a gameplay and animation programmer using C++ and Unreal Engine within a 30-person multidisciplinary team. Developed core mechanics and contributed to a project nominated for the PlayStation Talents awards and showcased at major game festivals.

Lead Game Programmer & Instructor

02/2023 - 09/2023

Artax Games

8 months

Led the programming team, managing task assignments, code reviews, and cross-department workflows. Oversaw technical blockers and actively coded core systems while driving the optimization and multiplatform porting processes for major consoles (PS/Xbox/Switch).

Unity Programmer, Mobile & Porting

03/2021 - 03/2023

Artax Games

2 years

Programmed core player mechanics, minigames, and the main progression architecture using C# in Unity. Contributed to the first phase of production for Bluey: The Videogame, focusing on improving game feel and ensuring multiplatform codebase stability.

IT Technical Support Intern

03/2019 - 06/2019

Red Eléctrica de España / Indra

3 months

Assisted in the maintenance and troubleshooting of corporate hardware, software, and network infrastructure. Provided technical support to end-users, ensuring system stability and resolving daily IT incidents efficiently.

Skills

Programming Languages

C++ | C# | Lua | GDScript

Game Engines, Frameworks, APIs & Tools

Unity | Unreal Engine | Godot Engine

Moai SDK | Steam SDK | Consoles SDKs (PS4/PS5, Nintendo Switch, Xbox One/Series)

OpenGL | OpenAL | OpenGL Mathematics (GLM) | TinyOBJLoader

Android Studio | Visual Studio | Git | GitHub | SourceTree | Jira

Soft Skills

Teamwork & Communication: Strong collaborative and communication skills developed within multidisciplinary teams.

Adaptability: Proactive and quick to master new game engines, technologies, and workflows.

Problem-Solving: Ability to learn and adapt quickly to different work environments.
